Dear Friends of Zion,

I thank you all for pledging your unwavering support for the State of Israel and the Jewish people at this critical time. I am particularly grateful to our many Christian friends who pray for Israel and stand with us against the wave of antisemitism in capital cities and on campuses across the US.

The protester mobs we see today are not only anti-Zionist and antisemitic. They are anti-American. They burn American flags and replace them with Palestinian ones.

Your stance today for Israel is also a stance for America.

When you pray today, you are praying for America and the common Judeo-Christian values we hold dear. Israel's war with Hamas is a war between civilization and barbarism. With God's help, and the courage of our brave soldiers, we will prevail.

In warm appreciation,

Benjamin Netanyahu
